

**Peterson's Online Academic Skills Course (OASC)** is designed for individuals who want to build their math and verbal skills to excel in their jobs, pass their exams, advance their careers, or continue their education. The course will diagnose the individual's current level of reading comprehension, vocabulary, and math abilities and teach the concepts and skills needed to increase proficiency in each of these academic areas.

### ***FEATURES:***

- The Pre-Test evaluates the individual's current math, reading comprehension, and vocabulary abilities.
- A customized set of lessons is built for each user to address individual strengths and weaknesses.
- Interactive lessons and flash cards build skills.
- Practice questions and quizzes help assess the learner's progress.
- The Post-Test measures performance at the end of the course and can be compared directly with the Pre-Test.

### ***BENEFITS:***

- Lessons are tailored to the strengths and weaknesses of the individual user.
- The program is self-paced, allowing individuals to progress at a comfortable level.
- Those with less time to study can choose a shortened set of lessons.
- Users can access the course 24/7 from any Internet-connected computer.
- Administrators can monitor usage and progress at every stage of the course.

### ***COURSE FLOW:***

#### ***PRE-TEST***

Used to gauge the individual's skill levels, strengths, and weaknesses.

#### ***CUSTOMIZED LEARNING PATH™***

Consists of a series of lessons based on Pre-Test results.

#### ***LESSONS***

Personalized for each individual to deliver leveled learning in a targeted manner.

#### ***POST-TEST AND SUBJECT QUIZZES***

Allow individuals to demonstrate the skills learned.

#### ***REPORTING***

Progress can be monitored using administrator reporting functions.
